### **DETAILED ACTION**

1. Claims 1-54 are pending. Applicant has withdrawn claims 28-54 from consideration.
2. The previous rejections under 35 U.S.C. 101 and 35 U.S.C. 112, second paragraph, are hereby withdrawn pursuant to Applicant's Amendment and Remarks.
3. Claims 1-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Moore et al., US 6,330,575.

Moore discloses, e.g. Fig. 5A, of providing for electronic commerce and accounting services for offerings of merchandise for a customer 114 from a database, comprising a transaction server 202, e.g. col. 5, lines 11-49, and a store server 204 that enables a customer to communicate billing information from a financial database 104 and selected offerings to a web storefront 106. It is noted that to provide businesses, employees and consumers to be members of an organization, e.g. a restaurant, is common knowledge in the art and well known. Similarly, the particular data stored/used, e.g. billing information data, and/or report generated, would have been obvious to one of ordinary skill in the art as it is well known in the business accounting commerce art. To have provided an organization and a member from the organization to order merchandise on-line having particular data stored/used from the database of Moore would have been obvious to one of the art. Doing such would implement well-known business method practices that were common in the art at the time of interest.

4. Further pertinent references of interest are listed on PTO-892.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

6. This application contains claims 28-54 drawn to an invention nonelected with traverse in Paper No. 4. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.
